

Art Prize starts today!

Check out Hudsonville Public School's collaborative art project which is based on the book, *Only One You*, by Linda Kranz. It celebrates the uniqueness of each child within a larger "school of fish." Each child's brightly painted fish rock will join the "school of fish," swimming together, and symbolizing our children entering the world. Altogether, around 6,000 rocks will be painted by Hudsonville art students in grades PK-12. Stop out and enjoy the art and vote often!
